Subject: Chronic Condition Management-Blood Pressure collection for AmeriHealth

Caritas New Hampshire members.

Summary: Blood Pressure information your office needs to improve the health outcomes of our members.

AmeriHealth Caritas New Hampshire periodically performs member outreach to complete screening assessments and coordinate care with our members. Our goal is to provide the best care and services to our members to improve the health outcomes of our members.

When a member measures their blood pressure using a digital in-home monitor during outreach with our care management staff, we will send you a letter summarizing the results as outlined in the chart below. When you receive this letter, please retain a copy of it in the member's medical record or chart.
